Gourmet Chocolate

Chocolate is also known to be healthy heart food due to the fact it lowers blood pressure, improves blood flow, lowers cholesterol & reduces plaque buildup on artery walls.

Dark chocolates have been known to cure stomach disease as well as lower high blood pressure.

Raw cocoa beans contain alkaloids, proteins, beta-carotene & more to help aid in physical and mental wellbeing.

Chocolate is something like a universal love food. With such a sweetly seductive delicacy we take pride in our gourmet selection of chocolates. It is our utmost concern that we supply chefs with the best cocoa.

Valrhona, one of our most popular vendors, has become known for their creative range of unique and widely favored aromatic creations.

In addition to Valrhona we also carry a wide variety of Paris Gourmet selections. Paris Gourmet has developed a reputation for being the go to supplier for fine gourmet chocolates.

“All you need is love, but a little bit of chocolate every now and then doesn’t hurt.”

Fruit Purees

The morello cherry is considered an acid cherry, of which there are many varieties. The Servian Oblachenska variety produces the best purees: a flavor combining acidity and fruitiness, pulpy texture and a burgundy color.

The orange of mandarins, originally from China, is synonymous with a long life and nobility. Its skin is used to make liquers and highly aromatic peel used in desserts.

Les Vergers Boiron develops and manufactures frozen fruit and vegetable purees for chefs, caterers, pastry chefs and bartenders. With a choice of more than 25 flavors that are 100% natural, you'll discover why Boiron fresh fruit purees are superior in quality, taste, texture and color.

The Perfect Puree

Since the product line was launched it has grown to over 30 flavors. Culinary and beverage professionals across the continent have come to count on the high quality and consistency. The Perfect Puree is committed to sourcing their crops from growers who maintain sustainable farming practices.
